BRATTLEBORO, VERMONT, FRIDAY EVENING, SEPTEMBER 26, 1913.

PRICE, 2

BODY FOUND IN A CANAL

**Alex Dlogokicki of Millers
Falls Faces Charge of
Murder**

MARKS OF BLOWS ON HEAD OF VICTIM

It is believed, however, that death was caused by submersion—Prisoner will be arraigned in the District Court in Greenfield.

MILLERS FALLS, Sept. 26.—Alex Dlogokicki, who is about 21 years old, was arrested shortly before noon yesterday by Sheriff E. J. Pratt and Deputy Sheriff M. W. Carroll, following the discovery of the body of Wycenzy Godzieski in a canal leading to the shop of the Millers Falls company, not far from a gatehouse on the Erving side of the river.

Dr. George P. Twitchell of Greenfield, medical examiner, held an autopsy with Dr. Charles F. Canedy of Greenfield and Dr. C. D. Cudworth of Millers Falls as witnesses.

After a conference with District Attorney Schoonmaker, Medical Examiner Twitchell gave out this statement: "There were marks of three blows on the head of the victim, one of which broke his nose and caused a profuse hemorrhage. Another made a contusion on the top of his skull, which caused the blood to flow under the scalp. The third cut a ragged hole through the scalp about two inches long, with radiating cuts from it. There was no evidence of an external fracture of the skull, but when the top of the skull was removed, it was found that there was a fracture of the inner tables, although there was no hemorrhage found upon the brain.

The blood vessels of the brain were found to be in a considerably congested condition. An examination of the chest and other organs indicated that the man's death resulted from submersion."

The body was discovered by men working near the canal who notified their foreman. It was removed from the water and the authorities at once began an investigation.

Joseph G. Daly of Northampton, a state police officer, was notified by Sheriff Pratt and was at work this afternoon securing evidence.

Blood stains have been found on a fence separating the canal from the roadway and on rocks leading down to the canal.

It is alleged that the prisoner and the man now dead have been paying attention to a Polish girl.

Steve Sikoski, who lives on the Erving side of the river, has been questioned closely. According to the police, Sikoski stated that Godzieski and Dlogokicki were having trouble on the road near the canal where the body was found shortly before midnight, and that when he saw that there was likely to be a fight he ran off and knows nothing of what happened later.

The prisoner will be arraigned in district court in Greenfield.

RALLY SUNDAY AT CENTRE CHURCH

Church Service Will Be Given Up to Commencement Exercises, to Which the Public is Invited.

The rally day and commencement exercises of the Centre Congregational Sunday school will be held at 10.30 next Sunday morning in the church, taking the place of the regular morning service. The session of the Sunday school will be omitted. Classes will graduate from the cradle roll, beginners', primary and junior departments and there will be promotions in all the younger departments.

The following is the program: Organ prelude; professional, Forward Be Our Watchword; responsive reading, Psalm 23; invocation and Lord's prayer; promotion exercises of the cradle roll; welcome song, beginners' department; promotion exercises of the beginners' department; presentation of diplomas; welcome to the new class, by primary department; promotion exercises of the primary department; presentation of diplomas; welcome to the new class, by junior department; promotion exercises of the junior department; presentation of diplomas; welcome to the new class, by intermediate department; hymn 242; announcements; offering for the school; talk by the pastor; prayer; hymn 471; benediction; organ postlude.

The exercises in each department will show something of the work of the several departments. All members of all departments of the school are asked to meet in the chapel Sunday at 10.15 to form the procession.

ENGINEER DOHERTY DIED SUDDENLY

Had Grieved Over Wreck at Stamford Last June in Which Six Persons Were Killed.

NEW HAVEN, Conn., Sept. 26.—Charles J. Doherty, engineer of the second section of the Springfield express of the New Haven road which ran into the first section at Stamford last June, causing six deaths, died suddenly of heart failure today. He grieved constantly over the wreck, relatives say, and this it is believed, contributed to his death. He was 31 years old and leaves a wife and two small children.

GARDNER SUCCEEDS STREETER.

Former Maine Senator to Be Boundary Commissioner.

WASHINGTON, Sept. 26.—Former United States Senator Olinah Gardner of Maine has been selected by President Wilson for the international joint commission having jurisdiction over boundary disputes between the United States and Canada, to succeed Frank S. Streeter of Concord, N. H.

THE WEATHER.

Local Rains Tonight or Saturday; South and Southwest Winds.

WASHINGTON, Sept. 26.—The weather forecast: Local rains tonight or Saturday, cooler near Lake Champlain; warmer in Southern New Hampshire; moderate south and southwest winds.

There are 49,970 houses of worship in England and Wales.

PRISON TERM FOR COLLINS

**Sentenced This Afternoon at
Newfane for Shooting
H. A. Staten**

GETS SEVEN TO NINE YEARS AT WINDSOR

Said He Was Intoxicated, but Expected to Suffer Consequences and Plead Guilty—Richards Hearing Set for October 14.

Hugh Collins, who, while serving as station agent at South Vernon June 8, shot and dangerously wounded Representative H. A. Staten, was arraigned this morning in equity court and pleaded guilty to the charge of assault with intent to commit murder.

At about 2 o'clock this afternoon Judge Willard W. Miles sentenced Collins to not less than seven years and not more than nine years in the state prison at Windsor. Collins said he expected to suffer the consequences of his act, but that he was intoxicated and did not realize what he was doing at the time. He said he had no other excuse to offer.

Collins shot Mr. Staten twice with bullets from a high power .38 calibre rifle, the shooting taking place Sunday morning, June 8, 1913, near the railroad station which Mr. Staten had just left after escorting Mrs. M. I. Reed of Vernon to the train. No one witnessed the actual shooting, but Collins, who had been enraged at Mr. Staten because the latter had testified against him for drunkenness the day before, returned to the station platform where Mrs. Reed was seated and stood the smoking rifle at her side, remarking, "I have just shot Staten. Here is the gun."

With George Phetteplace, a newsboy who was waiting for the Sunday papers, she ran to the victim and found him suffering from a bad wound in the back and one in the right forearm. The latter wound proved to be the worse as the arm was badly shattered. Mr. Staten was for several weeks in the Memorial hospital here and has never fully recovered from the effects of the wounds.

Collins walked to his boarding house nearby and was found there shortly afterward by Sheriff C. E. Mann and Deputies C. I. Knap and H. E. Harris of Brattleboro. He made no resistance, and has been in Newfane jail since.

The date for the trial of Almon M. Richards of Bellows Falls, who, it is alleged, so assaulted George L. Field of that place that his death resulted, was set today for October 14. Richards is still out on bail of \$12,000 and will not plead until the opening of his trial.

Earl Putnam, who is awaiting trial on the charge of burglarizing the Winhall railroad station, pleaded not guilty and Henry Eno, alias Walter Moody of Bellows Falls, pleaded not guilty of assault with intent to rape. Their trials will take place soon.

The case of George C. Wheeler against Bert Z. Wheeler, both of Wilmington, is now on trial. The suit is over a loan of \$75 which George Wheeler insists his brother did not pay back to him. O. E. Butterfield is for the plaintiff and H. G. and F. E. Barber for the defendant.

QUADRUPLETS BORN.

Physicians Believe All of the Children Will Live.

CENTRALIA, Ill., Sept. 26.—Four boys were born today to Mr. and Mrs. Pearl Yates. The physicians believe that all will live.

LOOKS FOR FAIR MEXICAN CHOICE

President Wilson Now Expects Peace in Mexico—Huerta Would Support Gamboa.

WASHINGTON, Sept. 26.—President Wilson took the position yesterday that the policy of moral suasion adopted by the United States toward Mexico had accomplished its two cardinal purposes; to obtain assurance that there would be a constitutional election, and that Provisional President Huerta would not be a candidate to succeed himself.

Advices received here describing in detail the preparations being made for the election of Oct. 26 and stating also that Gen. Huerta would not be a candidate but would support Federico Gamboa, Mexican minister of foreign affairs, the nominee of the Catholic party, encouraged President Wilson and Secretary Bryan to believe that the Huerta government was carrying out what the United States had emphasized in the Lind negotiations as the essential features of a settlement.

The likelihood that foreign governments will await the judgment of the United States before extending recognition is being impressed upon the Mexican authorities, it is said, with a view to ensuring a free choice.

MONKEY IN CONTACT WITH TWO BEARS

Threw Them Right and Left, but They Were Teddy Bears—Small Boy Was Much Disturbed.

A small boy on High street was much upset this noon to see his playthings disturbed and appropriated by an impudent monkey. The "monkey" came to town with its owner to pick up the surplus coppers during the Valley fair. This noon the children on High street gathered to see the monkey and hear the hand organ, and one of the number had a wheelbarrow containing two Teddy bears. Whether for amusement or to show his superiority is not known, but when the boy set down the wheelbarrow the monkey grabbed the Teddy bears and threw them right and left and then climbed into the wheelbarrow and doffed his hat.

AUTO ATTACHED AT MANLEY GARAGE

Manley Brothers and Brooks House Have Bills of About \$30 Each Against J. S. Lane.

A Stevens-Duryea machine that was used by J. S. Lane of Springfield, Mass., to carry passengers to and from the fair grounds here during the fair is under attachment in Manley Brothers' garage. Lane owes a bill of about \$30 at the garage and one of about the same amount at the Brooks House, where he had been registered since Monday and where he entertained during his brief stay. Lane has not called for the machine.

The management of the Brooks House and officials say that Lane had similar difficulty at the White River Junction fair, but finally settled and obtained the machine, coming here directly.

CADET VERNON BELYEA DIED IN HOSPITAL

Greenfield Boy of Norwich University Sustained Broken Spine in Football Game.

WORCESTER, Mass., Sept. 26.—Cadet Vernon S. Belyea, 23, left half-back of the Norwich university football team, who sustained a broken spine in the game against Holy Cross college Wednesday, died today in a hospital in this city. The body will be taken to Greenfield, his home, for burial.

Belyea prepared for college in Greenfield high school, where he took a prominent part in Athletics. He was a member of the junior class at Norwich university and at that institution had been a star player in both baseball and football, and had taken an active part in other college affairs.

SACRIFICED LIFE TO SAVE CHILDREN

Edward Scully Stopped Runaway Horse, But Died in Few Moments from Fractured Skull.

NEW YORK, Sept. 26.—Edward Scully, a foreman of the street cleaning department, sacrificed his life today to save a crowd of school children from a runaway horse. The horse, attached to a street cleaning cart, was headed toward a corner in Brooklyn occupied by two public schools and 300 children were playing about. Scully dashed out of his office, seized the runaway animal's bridle and brought it to a stop at the curb, but after checking the runaway lost his grip and fell under the horses' hoofs. His skull was fractured and he died in a few moments.

WILL MAKE NO MORE CHARGES

**Assembly Managers Announce
Decision in Impeachment
Trial**

IMPORTANT DEVELOPMENTS YESTERDAY

Sarecky, Sulzer's Clerk, Found by Process Servers—All Evidence Concerning Campaign Contributions Will Be Admissible.

ALBANY, N. Y., Sept. 26.—These nine developments yesterday marked the impeachment trial of Gov. Sulzer: 1. Jacob H. Schiff, a New York banker, testified that he was recently asked by Samuel I. Frankenstein, a former law partner of Gov. Sulzer, if he would accept the return of the alleged \$2,500 campaign contribution which the banker said Wednesday he gave to the governor without restriction as to its use. Mr. Schiff said he had replied negatively.

2. The high court, by a unanimous vote decided to admit all testimony pertaining to campaign contributions made to the governor even though they were not specified in the articles of impeachment. 3. This ruling paved the way for the introduction of evidence intended to show the governor had solicited and received large contributions from brewing interests. The governor asked, according to the testimony, that these contributions be given in cash instead of checks.

4. Counsel for the impeachment managers said they were prepared to prove the governor received campaign contributions, "vastly in excess, of the total mentioned in the articles of impeachment. There were more than 100 notes accounted for, counsel asserted. The names of a large number of these contributors other than those of the brewing interests were brought into the evidence. These included the names of 52 persons mentioned as drawers of Sulzer checks in the account of Louis A. Sarecky, the governor's campaign secretary, in the Mutual Alliance trust company. This account showed, with checks and cash, that deposits of \$14,400 had been made between September 10, 1912, and the date of the governor's inauguration.

5. Decision on the question as to whether Sulzer's alleged misuse of checks given the governor without restriction as to their use constituted larceny was reserved to give the court an opportunity to investigate the authorities.

6. Sarecky, regarded by the prosecution as one of the most important witnesses, and whom they said they had been unable to locate, was discovered by process servers in Albany and served with a subpoena.

7. Judge Lewis J. Conlan of New York, a lifelong friend of the governor, testified that he had raised money for the governor's campaign, but had given it to him without restriction as to its use.

8. Sulzer called personally on Charles A. Stadler, president of the American Maltine company, the latter testified, and requested his aid in obtaining the support of Tammany hall. He said he obtained the support and later solicited campaign funds for Sulzer.

9. The Assembly managers decided last night to bring no more impeachment charges against the governor.

Later—Gov. Sulzer asked Henry L. Morgenthau, ambassador to Turkey, to be easy with him in case he was called as a witness at the governor's impeachment trial. Morgenthau, who contributed \$1,000 to the governor's campaign fund, so testified when recalled as a witness today. He added that the governor asked him to treat the relationship between them as a personal affair.

Two witnesses, long sought by the board of managers, Louis A. Sarecky and Frederick L. Colwell, are expected to testify today. Sarecky in his capacity as the governor's campaign secretary handled much of the campaign funds. At the opening of today's session letters written last fall by Sulzer to William J. Elias and William Hoffman were both identified. They represented the brewing interests and were contributors to the campaign fund. The governor thanked Hoffman for all that he had done in the governor's behalf, and in his letter to Elias he expressed his appreciation for a letter and the enclosure.

NO GAMBLING BILL.

Would Affect Government Employees and Navy and Army Men.

WASHINGTON, Sept. 26.—No gambling of any sort would be permitted among the government employees and the men of the army and navy under the terms of a bill introduced in Congress today by Representative Kilpatrick of Iowa. Immediate disclosure of the penalty for the buying or selling of futures. The recent disclosures of handbook gambling among the navy yard and other government employees is said to have been an incentive in inducing the congressman to frame the bill.

BOGGIE SET BACK FOR INTERFERENCE

Magneto's Driver Made Protest to Judges—Decision Gave Magneto Second Money and Boggie Third.

Interest in the Valley fair races yesterday afternoon centered in the 2.17-2.15 trot, in which the three local horses owned by three livermen were entered with Lady A., owned by the Newport Stock Farm, as the fourth starter. Lady A. was too speedy and too steady for the local animals and the fight was for second money which eventually went to F. A. Larrow's Magneto.

Magneto finished second in the first heat with Boggie, K. E. Mosher's entry, close behind, and in the second heat the positions were reversed. In the last heat Boggie just nosed out Magneto at the wire, but Martin, Magneto's driver, immediately registered a protest in the judges' stand, claiming that Roger House of Greenfield, who drove Boggie, carried him wide on the turn into the stretch and used elbows and whip unfairly as Magneto crawled up on Boggie.

The judges sustained the protest and set Boggie back to fourth place, placing Magneto second and Pedro, the entry of H. P. Yearly of Brattleboro, third. Pedro had finished fourth in the first two heats. This decision, which was fought bitterly by Mosher and his driver, gave Larrow second money and Mosher third.

The other two races were won also in straight heats and in two of them the finishes were close and in one four of the five horses were well bunched at the wire.

2.17 Pace-2.15 Trot, Purse, \$300.

DEATH TODAY OF MRS. H. W. SANDERS

Had Been in Failing Health Several Months—Funeral at Frost Street Home Sunday at 3.

Mrs. Anna M. (Gale) Sanders, 48, wife of Harvey W. Sanders, chief of the Brattleboro fire department, died shortly after midnight this morning at the Melrose hospital at West Brattleboro, of a complication of diseases. Mrs. Sanders was operated upon at the Memorial hospital last February, but had failed steadily ever since. Five weeks ago she went to the Melrose hospital for treatment, although little hope of her recovery was held out. Throughout her long and painful illness she was a very patient sufferer. Her whole life was centered in her home, and the home of her family was her first thought.

She was born in Lawrence, N. Y., Sept. 24, 1865, the only child of Gardner and Roxanna (Trockey) Gale. Her mother later married Jerry Young of Jamaica, where they lived several years. Mrs. Sanders married Harvey W. Sanders New Year's day, 30 years ago last January in Jamaica. They moved to Brattleboro about 25 years ago, where they have made their home ever since. Besides her husband and mother she leaves two daughters, Anna, wife of Ralph B. Pettet of Springfield, Mass., Pearl Gale, wife of Ernest Harris of Springfield, Mass., and one son, Harry Harvey, of Athol, and three grandchildren, Dorothy, daughter of Mr. and Mrs. Pettet, Bernard, son of Mr. and Mrs. Harris, and Mildred, daughter of Mr. and Mrs. Harry Sanders.

The funeral will be held Sunday afternoon at 2 o'clock, at the home on Frost street, Rev. Roy M. Houghton, pastor of the Centre Congregational church, officiating. The burial will take place in Mount Pleasant cemetery.

ANSWER NOT FILED IN JOHN WREN CASE

Time Expired Last Night—County Solicitor Delayed, but Expects to File Document Today.

(Special to The Reformer.)

KEENE, N. H., Sept. 26.—Although the time for the filing of an answer to the affidavit of the respondent in the attempt to secure a new trial for John Wren, convicted of the murder of James Stewart Hamilton at Hinsdale last winter, expired last night County Solicitor O. E. Cain had not filed an answer this morning.

He said last night that he had been delayed in obtaining some testimony from a witness, but would file his answer probably today.

EIGHT LIVES LOST IN FIRE

Victims All Children in Family of Ulrich Trudel of Quebec

TRUDEL, WIFE AND SON BADLY BURNED

And Are in a Hospital for Treatment—No Trace Can Be Found of a Little Girl Who Was Reported to Have Been Saved.

QUEBEC, Sept. 26.—Eight children of the family of Ulrich Trudel are believed to have lost their lives in a fire which burned a three-story wooden building on St. Francois street early today. The Trudel family and five other families occupied the house. Trudel, his wife and eldest son were saved, although badly burned, and all three are in a hospital. A little girl is reported to have been saved by neighbors, but no trace of her can be found.

ROBBERS DYNAMITE THE EXPRESS SAFE

Forced Engineer to Run Down the Track Some Distance With Mail and Express Cars.

BIRMINGHAM, Ala., Sept. 26.—A train from Birmingham to New Orleans was held up last night and robbed at Bibbville siding, three miles from South Woodstock, last night. The engineer found the signal set against him and stopped the train. The robbers then climbed aboard and ordered the fireman to uncouple the mail and express cars from the train. The engineer was then forced to run them down the track a considerable distance, where the express safe was dynamited. The mail clerk was fired upon by two of the robbers and narrowly escaped death. The engine and cars had not been recovered this morning.

SOLICITOR CAIN LOST HIS HANDBAG

Notified Chief Wilson that Grip Was "Pinched" from Automobile—Bellows Falls Man Stung.

O. E. Cain of Keene, N. H., prosecuting attorney for Cheshire county, came to the fair yesterday and left his handbag in his automobile while he looked over the grounds. When he reached Keene last night he telephoned to Police Chief George Wilson that someone had taken a mean advantage of him and that he would like the grip returned. He assured the officer that the contents of the grip were of no special value, but that he would like the bag itself.

The Bellows Falls Times of Thursday published the following concerning the experience of a Bellows Falls citizen: "Edward R. Young, with his family and a roll of \$75 went to Brattleboro, where they went to the Valley fair but the roll, which left for parts unknown, Mr. Young started to buy a ticket at the crowded gate and a young man, pressing a bill on Mr. Young, asked him to buy his ticket. Mr. Young reached over the crowd to buy the tickets. While he was doing so the fellow evidently earned his day's pay by slyly dipping into Mr. Young's pocket. As the railroad engineer was still stretching the stranger decided he would not go to the fair and was mean enough to take his bill back. It was some minutes before 'Ed' missed the money."

As the railroad engineer was still stretching the stranger decided he would not go to the fair and was mean enough to take his bill back. It was some minutes before 'Ed' missed the money."

AUDIENCE WELL PLEASED.

Bought and Paid For Presented by Strong Company in Auditorium.

An audience that taxed the capacity of the Auditorium attended the performance of Bought and Paid For last evening and were well satisfied with the production. The play itself is an unusually strong one, containing many tense situations and quantities of bright lines. The company that presented it last evening was adequate in most respects, the male roles being especially well cast. Better stage settings, however, particularly furniture, would have been an appreciated improvement.

CLASSIFIED ADVERTISEMENTS

5 cents a line first insertion; 2 1-2 cents a line each subsequent insertion
